

Water Trailer

525 Gallon DOT Approved

This powerful Water Trailer from One Clarion is designed to tackle various commercial tasks effortlessly. Whether it's dust control, parking lot cleaning, or transporting water to distant sites, this dual-axle water trailer excels. With a 525 gallon water tank, it ensures efficient completion of tasks. This trailer is DOT certified for over-the-road water transport and is powered by a CRX® engine that complies with regulations across all 50 states.

Equipped with high-performance pumps and spray nozzles, it provides precise and effective water distribution, optimizing productivity while minimizing water wastage. The trailer's user-friendly design facilitates easy operation and maintenance, enhancing convenience for operators.
