

Arena Water Trailer

1025 Gallons

Arena Water Trailer

The Express Arena Water Wagon offers a versatile solution for your watering needs, available in either 550 gallons or 1,025 gallons.

This efficient watering trailer ensures even moisture distribution in arenas and effectively controls dust on roads and parking areas with its galvanized spray bar. Additionally, its firehose serves multiple purposes, from watering pens and stalls to irrigating trees or landscapes and combating occasional grass or hay fires.

With its combination of quality engineering, construction, and user-friendly operation, the Arena Express stands as an economical, durable, and versatile choice for your water trailer requirements.
