

UTV SKID SPRAYER | CONTROL FROM YOUR SEAT

UTV SKID SPRAYER

FIELD BOSS® · 365 / ECOLITE / XSTREAM · 60 & 100 GAL

A UTV-mounted skid sprayer you run without leaving your seat. The SWING-ARM control swings to your side so you work the pump and boom from the cab, while a SOLID-WALL™, algae-blocking poly tank drains 100% clean. Pick your pump, high-volume, quiet 12-volt, or high-pressure.

**Images shown may include optional features. Actual product appearance may vary based on selected configurations.*

THREE PUMPS, ONE PLATFORM – PICK YOUR BEST FIT

365

HIGH-VOLUME · GAS

22.5 GPM @ 50 PSI

Honda® GX120 4 HP · centrifugal pump

50' hose reel + spray gun

Best for boom & broadcast spraying and salt-brine de-icing.

ECOLITE

12-VOLT · QUIET

7 GPM @ 60 PSI

12-volt diaphragm pump (no engine)

50' ½" hose reel + heavy-duty gun

Best for quiet, simple, low-maintenance spot spraying.

XSTREAM

HIGH-PRESSURE · GAS

290 PSI · 5.8 GPM

Honda® GX120 4 HP · diaphragm pump

100' hose reel · ~45' spray reach

Best for long-reach spot work and high-pressure boom spraying.

WHY CREWS CHOOSE IT

- 
SWING-ARM™ SEAT CONTROL
Controls swing to your side, run the pump and boom from the UTV seat, no turning around.
- 
LIGHT-BLOCK™ TANK
Tank material blocks sunlight to inhibit algae growth and keep your spray mix pure.
- 
QUICK-ATTACH BOOM BRACKETS
Add or remove an Enduraplas boom in minutes via Quick- Connect ports (boom sold separately).
- 
AUTO-DRAIN™ SUMP BASE
Sloped tank bottom directs every ounce of chemical to the drain, 100% drainable between loads.
- 
SOLID-WALL™ CONSTRUCTION
Thick-wall roto-molded poly stands up to chemicals and impacts, virtually indestructible.
- 
TIME-SAVER FORK POINTS
Built-in fork pockets load and unload the skid from a UTV bed or truck in seconds.
