## NON-DOT – BUILT FOR PRIVATE, OFF-FARM USE

Select Series trailers are made for on-farm and on-ranch transport on private property. They are not DOT-certified and carry no road lights, so they are not approved for travel on DOT-regulated public roads.

The 1,600 adds electric brakes, fenders & a 7-pole plug for heavier loads – but, like the rest of the line, remains non-DOT. Need road-legal? Ask about the **Limited Series**.

## WHY CREWS CHOOSE IT

- FAST BANJO® TRANSFER**  
2" Banjo centrifugal poly pump (195 GPM) moves liquid fast stepping up to a 3" 293-GPM pump on the 1,600.
- SUMP-BOTTOM POLY TANK**  
Chemical-resistant poly tank with a sump bottom that drains clean; in teal or black.
- MADE FOR AG CHEMISTRY**  
Poly construction suits liquid fertilizer and crop-protection chemicals season after season.
- HONDA® POWER**  
Reliable, easy-starting Honda GX160 standard; GX200 on the 1,600.
- 20' BLACK ENFORCER™ HOSE**  
Includes a 20-foot discharge hose with Banjo fittings ready to transfer on arrival.
- HEAVY-DUTY 1,600 BUILD**  
Dual 10,000-lb axles, 425/65 R22.5 implement tires, electric brakes & fenders for the biggest loads.
